School Overview

Toogoolawah State School is situated in a rural community approximately 120 kilometres from Brisbane. Our school has been providing education to the district for 105 years to students from town and rural environments. Our school has focused intently on embedding the Queensland Curriculum and Reporting Framework. The teachers have engaged in professional development with a focus on the alignment of curriculum and assessment. We are focussed on improving student achievement outcomes, making our school a place of quality educational opportunities and a school community which acknowledges the existence of a safe and supportive school environment. Our programs and policies are mindful of directions set out in the triennial school review process and the Responsible School Behaviour Plan. We work within our cluster of schools to forward commonality in our approaches and direction to improve student achievement.

Principal's Foreword

Introduction

This report covers the milestones and achievements that Toogoolawah State School achieved throughout the 2017 school year.

Each year an annual report that covers a wide range of areas, is prepared detailing the significant achievements of the school throughout the year.

School Progress towards its goals in 2017

Toogoolawah State Schools goals for 2017 were fundamentally driven from the School Review in 2015. The main areas of focus in the 2017 Annual Implementation Plan were organised under the following headings;

- Engagement and unification of Staff, Parents and Students
- Collaborative review and development of the curriculum framework ensuring it is explicit, sequential, vertically aligned and that there are curriculum delivery processes which ensure consistency of approach.
- Collaborative and effective pedagogical practices.
- Development of an expert teaching team.
- Build a data culture.
- Narrow and sharp explicit improvement agenda.

Future Outlook

In 2018, the Explicit Improvement Agenda of the school is focused on the improvement of Reading across the school. To date we have accomplished the following actions towards our 2017 goals

- Prep to Year 3 teachers attended Professional Development in the teaching of reading using the latest research based practices.
- As a whole school we have invested in modernising reading resources for use in classes.
- We have established data walls to focus teaching conversations on improving student outcomes in reading.
- Our expert teaching team is engaged in reviewing our Whole School Curriculum, Reporting and Assessment Framework.

Characteristics of the Student Body

Overview

Toogoolawah State School is situated in a rural community approximately 120 kms from Brisbane. Its position is unique as it is almost equidistant from four major centres (Ipswich, Toowoomba, Kingaroy and Caboolture). Students come from both town and rural environments. The majority of students rely on bus transport to and from school. There is a wide range of socio-economic levels within the school community; however, as a generality our community is classified to be with low to middle socio-economic levels –our 2017 ICSEA (Index of Community Socio-Economic Advantage) rating was 948, placing our school in the lower quartile of schools nationally. The majority of students are from families who have been living in the district for ten years or more, however our levels of transience fluctuate and our town population is very much determined by socio-economic situations such as employment and available housing. Primary industry, based predominantly around the cattle industry and commercial ventures in the township provide the basis of employment opportunities for families.

How Information and Communication Technologies are used to Assist Learning

Students access ICT to access learning through focused lessons by the schools Teacher-Librarian and through access to ICT's in each classroom. These range from using software and publishing packages through to programming simple robotic devices.

Social Climate

Overview

In 2017 emotional resilience was a focus for the school. The following initiatives were used to support the social development of all students.

- · Continued implementation of Learning and Wellbeing Framework
- · Positive Behaviour for Learning to be the driver for whole school language and strategies with weekly focused lessons in classrooms following the whole school introduction on the Weekly Assembly.
- · Celebrations and Acknowledgement of student achievement through:
 - Student of the Week – Citizenship and Achievement Award. In 2017 this award is sponsored by our local business "IGA".
 - Behaviour Focus award
 - Weekly Merit awards
 - Gotcha awards – Term Gotcha Winner are awarded a prize sponsored by our local Progress Association

Association

The following support is accessed if required:

- · Guidance Officer – Counselling and assessment
- · We provide educational programs and services for students with disabilities through Individual Curriculum Plans

Plans

(ICPs) and other programs and individualised lessons are required to support the academic, social and emotional growth of our students.

- · Regional Behaviour Team support
- · Chaplaincy services continued to support our school community. Funding for this is through the National Chaplaincy Program. Our Chaplain conducts activities and programs (examples listed) throughout the year to assist with care and welfare of our students as well as helping students grow in their emotional maturity

Parent and community engagement

In 2017 parents were encouraged to be active participants in their child's learning. The relationship between home and school is very much valued.

Following is a list of strategies used for involving parents in their child's education. For example:

- · Regular information and consultation with the P&C
- · Information sessions
- · Prep orientation parent information sessions and open days
- · Parent volunteers are encouraged in each classroom
- · Weekly newsletters
 - o Class learning foci in each week's edition – 1 class featured each week
 - o Newsletters posted weekly onto the school webpage
- · Each Class Teacher outlines units of work at the beginning of each term "**What I am Learning**" for C2C units - English, Mathematics, Science and History for each class
- · Foyer displays
- · Special events such as Under 8s, Athletic Carnivals etc
- · Parent/Teacher interviews, formal and informal conversations – formal Parent/Teacher Interviews are conducted on the last week of Terms 1 & 3
- · P&C information posted onto school webpage

Environmental Footprint

Reducing the school's environmental footprint

The following is from the 2016 School Annual Report, which outlines the same general principles that outlined the approach to reducing the school's environmental footprint in 2017

Toogoolawah has been seeking ways to reduce our environmental footprint for a number of years. With the installation of solar panels we have been able to significantly reduce the amount of electrical power we draw from the general 'grid'. We have been proactive in maintaining weather shields on windows, tinting windows, growing shade plants, insulation, air extractors etc. We are also proactive in turning off lights and electrical appliances when not in use.

We continue to maintain and utilise tank water where possible for watering of plants.

We continue to work to consider the biodiversity issues as they pertain to our school environment. We continue to be part of the National Tree Planting day, composting, use of possum boxes. We endeavour to plant Australian natives so that native fauna and birdlife are encouraged to inhabit within our school grounds. We are mindful that our school grounds are within a Koala corridor and therefore work with a local Wildlife carer to provide for the Koalas as they travel through our grounds – always continuing to plan Koala approved gum trees to support their safe journey to the nearby nursery.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	55,384	947
2015-2016	143,022	2,115
2016-2017	23,069	4,035

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools and Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools and Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

The following section was taken from the 2016 School Annual Report and is a reflection of the processes used to manage attendance throughout 2017.

Where there are concerns about a student's enrolment or attendance, multiple attempts to contact the parent/s or caregivers are made. Any time during which a student is not attending or participating in their educational program is considered an absence and requires explanation.

Teachers:

- Keep attendance records and monitor attendance and absenteeism of enrolled students
- Alert the principal when a student's absence is unexplained or when concerned that the explanation may be unsatisfactory
- Refer a student to the Guidance Officer (through the Principal) if concerned that welfare issues may be impacting on attendance.
- Follow-up with students requesting/ reminding of need for explanation of absence
- Provide students with a form letter to assist with the parental explanation process
- Meet with parents and students to discuss the issue and devise a plan
- Weekly calls to parents to follow up on absences
- Issue the Departmental form letters if attendance does not improve following the attendance meeting

The school also:

- Sends a letter at a designated monthly date advising parents/caregivers of absences within the monthly period – requesting parental confirmation and explanation for absences. This letter is posted.
- Roll Marking
- Occurs twice daily – at the beginning of the day and again when students return to class following second break at 1.50pm
- Students who come late to school report to the Office and are given a "Late Arriving Slip" – issued through One School. Students are required to give their teachers this slip which is then attached to the weekly roll.
- Teachers mark the late arrival in the morning section of the roll for that student.
- If students are required to leave the school early – parents report to the Office and are given an "Early Departure Slip" which is given to the class teacher prior to the student leaving the classroom/school grounds. This slip is also attached to the weekly roll. Teachers mark the early departure in the afternoon section of the roll for that student.
